

TRAINING ON **POLICY DEVELOPMENT**

Organizational outcomes can be affected by effectiveness and responsiveness of policies. Policy development plays a big role in successful implementation of programs and projects. Hence, policy development is an important skill that key members of the organization need to have.

This course aims to build and strengthen the participants' capabilities in planning, developing, and crafting effective policies, to help them fulfill their mandates. The course will expose the participants to theoretical concepts, components, and a range of tools and techniques, for them to better understand and experience policy development.

Participant will be able to GAIN:

- ✓ Gain proper perspective on policy development process
- ✓ Acquire new knowledge on essential steps in policy development
- ✓ Increase their policy development skills through workshops
- ✓ Nourish their advocacy for effective and responsive policies

METHODOLOGY:

This training includes lectures, workshops and presentations. Participants will be grouped and will be given specific assignments in a group. There will be a pre-test and post-test to assess knowledge and skills.

Course Content:

Analyzing Policy and the Policy Process . Problem Identification and Setting the Agenda

Reviewing the Policy Agenda of the Agency . Formulating the Policy

Advocating for the Policy . Adoption and Implementation of the Policy
